Do You Know

That the Electrical Industry is the biggest factor in the prosperity of Central Maine?

That nearly all other industries depend upon this one for power and light?

That practically all of the stores, shops and residences rely upon it as their only source of artificial light?

That hundreds of housewives have their daily burdens lightened and made easier by using the service it supplies?

That it has lessened the cost of living and the cost of doing business because it does its work more efficiently than any other agency?

That its contribution to the safety of person and property is greater than those of the police and fire departments?

That the business, social, educational, moral and religious life of the towns and cities has been improved because this industry exists?

And that these things are true because this company is operated for the purpose of SERVING THE PUBLIC in the most efficient manner possible.

HUDSON SUPER-SIX

WINS NEW LAURELS IN MAINE

THE SUPER-SIX NOW LARGEST SELLING HIGH GRADE CAR

There were more Super-Sixes sold and delivered in Maine during the past year than any other car selling for $1,000 or over.

There is no stronger endorsement of this famous car than this stamp of approval and recognition of worth by the Maine Motor buying public.

No Feats Like These Ever Before Performed

World's Greatest Endurance Run. San Francisco to New York in 7-passenger touring car. 14 hours, 59 minutes faster than best previous record. Same car left New York day of arrival and returned to San Francisco, making **round trip 10 days 21 hours, 3 minutes. First car ever to attempt round trip across continent.**

Fastest time in the world's greatest hill climb up world's highest highway to summit of Pike's Peak—against 20 contestants—made with a Hudson Super-Six Special.

Also these records, all of which were made under American Automobile Association supervision by a certified stock car or stock chassis, and excelling all former stock cars in these tests:

100 miles in 80 min., 21.4 sec., averaging **74.67 miles** per hour for a 7-passenger touring car with driver and passenger.

75.69 miles in one hour with driver and passenger in a 7-passenger touring car.

Standing start to **50 miles** an hour in **16.2 sec.**

One mile at the rate of **102.53 miles** per hour. **1819 miles in 24 hours** at average speed of **75.8 miles** per hour.

There are now 27,000 owners of Super-Sixes in the country. There are more Super-Sixes being driven in Maine than any other high grade automobile.

Many members of this Legislature own Hudsons, Consult them.

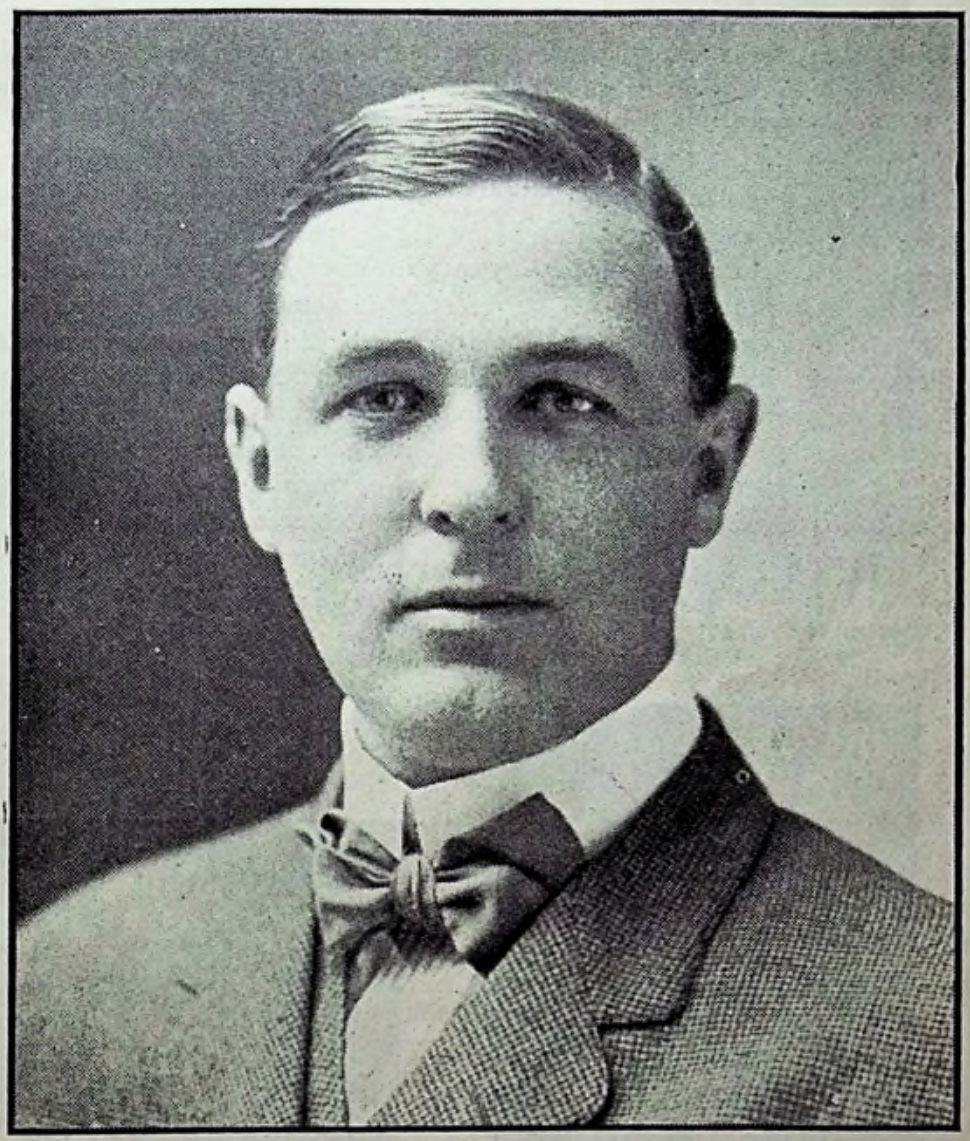
Biographical Sketches—1917

THE GOVERNOR



HON. CARL E. MILLIKEN, ISLAND FALLS

Governor Carl E. Milliken of Island Falls and Augusta is the 45th Governor of Maine and the second from Aroostook county since Maine was admitted to the Union. He is 39 years of age and was born in Pittsfield, the son of Charles A. and the late Ellen Knowlton Milliken. His education was obtained in the schools of Augusta, Cony High school of Augusta and Bates College, from which institution he was graduated in the class of 1897. He was assistant in sciences at Bates College in 1897 and 1898 and a graduate student at Harvard in 1898 and 1899. He then entered the lumber business and had been active in the development of the several companies with which he has been associated. He first entered the Legislature as a member of the House of Representatives in 1905 and was re-elected for the session of 1907. In 1909 he was elected to the Senate and was again a member in 1911. He was returned for a third term in 1913, when he was elected president of the Senate. Governor Milliken is active in the Free Baptist church and has held various offices in its state organizations.

SENATE

The Senate of Maine is composed of 31 members. In the Senate of 1917-18 there are 28 Republicans and three Democrats. Only one Senator has failed to send us a return but we have included his name, residence, politics and business in order to make the work complete. The oldest member is the Hon. Albert A. Burleigh of Houlton, who is 75 years of age. Two members qualify as the "youngest"—the Hon. John M. Googin of Lewiston and the Hon. Roscoe T. Holt of Portland, both of whom are 33 years of age. Twenty-four Senators are married, one is a widower and three are single. Fourteen have a collegiate education and 25 have had legislative experience. Three Senators state that they have no religious preference and six did not report that they had any. One Senator in stating his religious preference gives it as the Christian faith; one, the First Christian Church; five are Universalists; five are Congregationalists; two are Methodists; two are Baptists; two are Episcopalians and three are Unitarians.

The Senate of 1917-18 is made up of eight lawyers, four lumbermen, three general insurance agents, two canners, two merchants, two bankers, two physicians and druggists, a farmer and teacher, a coal dealer, a farmer, a merchant and banker, a civil engineer, a lumberman and farmer.

BARTLETT, MARTIN F., Waterville. Was born in North New Portland, Somerset County, Maine, May 4, 1864, a son of Josiah D. and Eliza Firth Bartlett. Attended common schools there and the Eaton School at Norridgewock. In September, 1880, the family moved to Waterville and to the place where he now resides, at that time a farm in the outskirts of the city. Attended the Waterville High School and Coburn Classical Institute until 1883 when he was obliged to leave school owing to illness of his father. Worked on farm until 1886 and learned shorthand in that time. Married in 1899 to Grace E. Webber, and they have two children. In November, 1886, entered the Boothby Insurance Office as a clerk and has been connected with that office since and at present is the President and Treasurer of the corporation, now known as the Boothby and Bartlett Company. In October, 1896, was appointed special agent for two fire insurance companies and has continued in that work since, having at present the supervision for Maine and New Hampshire of the business of two large companies. Was elected President of the Central Maine Fair at Waterville and continued as such during the four years 1907-1910 inclusive. Has always been interested in politics and a Republican and in 1895 and 1896 was a member of Board of Education of the City of Waterville and also City Treasurer of Waterville in 1894 and 1896. Was one of the original organizers of the Waterville Loan and Building Association and at present Secretary and a Director. Also Vice President of the People's National Bank at Waterville. Aroostook County has received 72 Hudson Super Sixes this year. The potato growers in that district appreciate the good things when the crops are good. They believe in buying the economical car—Preparedness—in a way—for the dull year coming.

The road to success is a rocky one
Its end is gained by few,
But with a Hudson—"boy" it's done
The easiest way to do.
No better way will you attain
This goal so hard to reach,
Than in a Hudson touring car,
My word! It is a peach.

LAW PRINTING

THE production, in past years, of an unusual number of Briefs, Dockets and similar law works has given us a peculiarly complete understanding of the precise requirements of this style of composition.

To preserve extreme accuracy and to give your manuscript expert interpretation we employ in our typographical department proof-readers of wide experience only.

A battery of latest model linotype machines insures the sharp, clear impressions of new type and makes it possible to obtain a maximum product in a minimum time.

A composing room, press room, bindery and electrotype foundry under one roof are the exceptional facilities which enable us to fulfill all promises.

In a word, we offer to patrons: accuracy, special training, large equipment of the most modern pattern, expedition and true service.

THE SPEED THAT COUNTS

The typist who has a variety of work needs every possible convenience.

She may have to write letters, telegrams, checks, labels, cut stencils, address envelopes, fill out index cards, make out invoices—all in the same day, on the *same machine.*

The typewriter that enables her to do this in the shortest time must have certain mechanical conveniences for quickly changing from one class of work to another.

The L. C. Smith & Bros. typewriter is constructed to give results. It enables the operator to do more work and a greater variety of work.

Send for catalog of the "Silent Smith," describing our Model 8, in which 50 to 75 per cent. of the ordinary typewriter noise is eliminated.

Should you fail to obtain that high degree of satisfaction from your CONKLIN PEN that your judgment dictates, the full purchase price will be refunded. Every Conklin is guaranteed to write and fill exactly as you think a pen should—it either does this or you will be furnished a new pen or your money refunded without question. There are no "ifs" about it—YOU are the judge. Come in and try one.
